Work Experience

Warehouse Worker/Order Selector

Martin Brower - Fridley, MN

July 2018 to September 2019

- I picked orders threw vocal headset
- replenish the slots with forklift to keep product available
- loaded product that was picked to designated trucks

Material Handler/Forklift Operator

Spectro Alloys Corp. - Rosemont, mn

June 2016 to February 2017

I would stack the product off of the production line. Then jump into the forklift drive the product to a fan to be cooled, band the product . After that I'd take the product into the warehouse label them a place them in there designated aisle.

Machine Operator/Material Handler

Wilbert Plastic Services - White Bear Lake, MN

August 2015 to April 2016

I operated a rotary machine and make sure it produced good parts drove the material and or product by forklift to the designated area where i will be using the material or it will be placed into the warehouse for shipment or use for other assignments

Brake Press Operator

Tenere, Inc. - Dresser, WI

January 2015 to September 2015

I came in and ran a already prepped machine measure the part and checked it for defects. And make sure the machine produced good parts and maintain the machine through the night. By making sure it kept material and stayed oiled as I ran the machine.

Forklift Operator/Material Handler

Labor solution llc - Chicago, IL

May 2010 to September 2014

I drove my standard forklift to designated areas picking up and dropping off product from the customer. Placed it onto and off the truck for Expos at the McCormick Place Convention Center. I did that for two years from 2012 to 2014. Work at Vita Foods products unloading trucks with a forklift taking barrels of herring fish and placing it onto pallets taking count of the barrels of fish then prepping them for production and I was there from 2010 to 2012.

Crew Member/Trainer

GateGourmet - Chicago, IL

January 2013 to August 2013

I prepared the food and drinks for several airlines and prep the food carts for transport.
