To Whom It May Concern:

I am very interested in obtaining a position within your organization. Enclosed please find my resume for your review.

My experiences, I believe are readily adaptable to your needs. My time spent in dairy farming and trucking have shown my dedication and responsibility. I have a strong healthy body with a record of never missing a day of work. I am very capable of operating small and large machinery. I am also able to repair any breakdowns. All the owners of the trucks that I have drove said I was their most responsible and trustworthy driver.

I believe I would be a strong asset within your organization. I look forward to hearing from you in the near future regarding this opportunity.

Thank you for your consideration.

Sincerely,

James Rolli
