

## **JARED MATHISON**

(402) 660-7606

[Mathison.jared@gmail.com](mailto:Mathison.jared@gmail.com)

### **Work Experience**

#### **Internship, DLR Group Engineering Company, Omaha, NE - 2014 - 2015**

- Constructed bordering layout of an Elementary school
- Utilized AutoCAD for work designs

#### **Maintenance Team, Mt. Crescent Ski Area, Crescent, IA - Dec. 2016 - Jun. 2017**

- Abided by OSHA safety standards and did daily inspections on the work vehicles.
- Inspected all the land checking for holes, possible landslides and loose terrain that could be a liability. Took care of miscellaneous issues as I found them in preparation for the winter season.
- Carried out routine ground care for the resort.
- Repaired and cleaned many other miscellaneous objects that required maintenance.

#### **Lift Operator, Breckenridge Resort, Breckenridge, CO - Nov. 2017 - May 2019**

- Maintained daily chairlift operation logs.
- Supervised lift attendants I worked with at my station.
- Supervised the chairlift and guests loading assuming responsibility.
- Communicated with my superiors of any adverse or hazardous conditions.
- Serviced my work area by keeping up with snow work to ensure that employees could move around freely and safely loading and unloading the chairlift.
- Regularly interacted with guests to provide information regarding safety, conditions, and meeting resort expectations.
- Assisted helping find specific areas of the mountain as well as lost items.

#### **Delivery Associate, Amazon (A-mazing Delivery Logistics), Omaha, NE - 2020 - Present**

- Delivered packages to customers.
- Upheld Amazon's standards for customer service standards by always making sure to follow the detailed instructions.
- Exceeded expectations of my customers and logistics team by staying ahead of schedule.
- Promoted a safe work environment by keeping my van clean to protect my coworkers, the customers, and myself through the pandemic.
- Inspected my van every day to make sure that it met standards to keep others in traffic, bystanders, and myself safe.
- Operated work phones to navigate myself to the point of delivery, following scan compliance and customer instructions.

#### **Logistics Management/Dispatcher, Amazon (A-mazing Delivery Logistics), Omaha, NE - 2020 - 2022**

- Managed 25 to 35 routes a day making sure routes were successfully delivered.
- Maintained perfect delivery completion stats by ensuring less than one percent of the total package count was returned by the end of the day.
- Supervised delivery associates making sure they were following through with their daily job requirements.

- Inspected vans every day to ensure that vans were in proper working condition to Amazon standards.
- Coordinated employees to help driver associates falling behind on their routes.
- Upheld stats for driver compliance on inspections.
- Trained new employees in all aspects of customer service, delivery protocols, driver expectations and Amazon stands (professionalism, reliability, positive attitude, proper precautions and punctuality).

### **HVAC Technician, Arete Services, Greater Denver and Northern Colorado area - 2022 - 2023**

- Repaired heating and cooling systems, residential and commercial.
- Carried regular maintenance on heating and cooling systems.
- Installed new heating and cooling systems.
- Repaired and maintained commercial and residential heating and cooling systems.
- Performed maintenance and repairs on HVAC control systems for the City of Boulder.
- Installed and fabricated ductwork to ensure efficient airflow and system performance.
- Installed new control panels for commercial of Boulder, designed for remote operation via IP addresses.
- Installed mini-split systems for efficient heating and cooling solutions.

### **Carpenter, Arete Services, Breckenridge, CO - 2023 - Present**

- Assessed, repaired and restored decks damaged by water.
- Installed exterior windows and completed necessary sealing and insulation.
- Installed and finished drywall for both new construction and renovation projects.
- Installed and detailed trim for interior spaces, ensuring precise fit and finish.
- Framed new walls for construction projects, ensuring structural integrity and alignment.
- Hung and adjusted doors to proper alignment and functionality.
- Ensured clear and effective communication between coworkers and customers.
- Installed awnings over doors, window wells, and decks to provide protection from the elements.
- Installed new roofing on residential properties, ensuring durability and weather resistance.
- Ensured a safe work environment by following safety protocols and best practices.
- Maintained a clean and organized work environment for myself, coworkers, and customers.
