## Work Experience

---

### **General Laborer**

DES Pipeline Maintenance

September 2020 to October 2020

learned in my short time there the knowledge and workings of utility pipelines and the process of cleaning and inspection of sewer/ service lines. As well as the workings and operation of equipment and vehicles used for such maintenance.

### **Machine Operator**

Hexcel Corporation - Windsor, CO

February 2020 to August 2020

Through my time at Hexcel , I learned an extensive amount about the manufacturing process and what it takes to keep a product line going and in working order. I worked at 3 stations in my time there, at which I knew how to run each machine very well and was able to process product very efficiently.

### **Sales Associate**

Under Armour, Inc - Silverthorne, CO

July 2018 to September 2019

I gain a existential amount of customer service and money handling skills throughout my time as a sales associate. Over my year and a half there I was promoted to footwear lead which gave me the responsibility of the entire footwear section of the store. My responsibilities included making sure product was always stocked and organized, all pricing was up to date, and at times making sure the entire sales floor was looked after while a manager was not able to be on the sales floor.

## Education

---
