## Work Experience

---

### **Production Associate/Machine Operator**

Goodyear Tire and Rubber Company - Lawton, OK  
April 2004 to September 2018

I'm a floor associate that operates a large machine that produces ply for Goodyear tires.

### **Avionics Technician**

United States Air Force - Las Vegas, NV  
April 1998 to October 2003

My duties as an Avionics Technician were primarily to troubleshoot, diagnose, repair and replace electronic systems associated with the F-16 fighter aircraft. These duties included but not limited to maintenance on fuel systems, hydraulic systems, radar components, electronic flight control systems, cockpit instrumentation, penetration and navigation aids as well as communication components and systems. I was also the hazardous materials manager which included: storage, maintenance, distribution and ordering of hazardous waste for the unit. I was also the equipment manager which required maintaining an account which exceeded 5 million dollars in total value. I also have extensive experience operating forklifts of up to 30k for on-base operations.
