Hi my name is Jason Scheu and I'm currently looking for a welding fabrication job.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Welder fabricator

Legacy Building Solutions - South Haven, MN

June 2018 to Present

Read blueprints to fabricate and weld rigid frames for buildings and to check the desired weld size and process of specifications. Also use tape measure, squares, hammers, arc gouge, chipping hammers, and GMAW process to perform duties for the job.

Welder

Millerbernd Manufacturing Company - Winsted, MN

May 2017 to June 2018

Weld heavy street poles and light poles using turning positioner to weld 360 degrees around the pole to weld on the base or sub component on the pole. Also perform welds to desired size and location of the blueprint using the GMAW process. Repair welds using the arch gouging technique to fix a weld discontinuity and make it pass UT testing of the full penetration welds required for the base of the pole.

Welder

Cubic Designs - Waupaca, WI

November 2016 to April 2017

Welded Mezzanine frames and stairs to desired weld size and location of the blueprint.

Welder/Fabricator

Merrill Iron & Steel - Schofield, WI

May 2016 to October 2016

Welded using FCAW process to weld I Beam, columns, and small parts to desired size that the blueprint specified for that certain job. Also welded CJP for certain types of grooves. operated grinders, torches, and air powered tools to perform the job. Another duty was operating overhead cranes to roll over, move the beams or columns.

Welder/Fabricator

EXACTECH INC - Sturgeon Bay, WI

May 2015 to May 2016

welded parts using the FCAW, GMAW process to desired size or length from reading blueprints. Also operated overhead and jib cranes. Another task that i performed was grinding, cutting, and gouging.

Installation Crew

Custom Fabricating & Repair - Marshfield, WI
September 2013 to September 2014

Tig welded stainless process piping, decking, posts, hangers, and any other parts needed that the blueprint specified for the job. Also operated forklift, scissor lift, and aerial boom lift. Another task was operating power tools like grinders, saws, cutting wheels, buffing wheels, ect.

Education

Northcentral Technical College - Wausau, WI
2013 to 2013

Advanced Welding Institute - Eagle River, WI

Skills

welding and fabricating (4 years), Welding, Welder Fabricator, Fabrication, MIG

Certifications and Licenses

Production Welding

May 2013 to Present

Production Welding, blueprint reading, Meturallgy, welding mathematics, and fabricating.

Valid Drivers License
