

JASSON HATCH

2280 West 135th Avenue, Westminster, Colorado 80241, Cell (720)965-6698

jleehatch69@gmail.com

Highly skilled, self-motivated, organized machinist determined to produce and repair all mechanical equipment with precision and detail. Several years experience in the disassembly and rebuilding of industrial machinery. Extensively trained in safe manufacturing practices. Enjoy assisting and working with others as a team. Seeking an opportunity to work with a stable company with stable work flow for the next 20 years or more.

Accomplishments and Qualifications

Have become an expert in my trade through training and hands on experience. Millwright, Certified Welder, Qualified Rigger, GE Gas Turbine Qualified, UBC Signaler Qualified, 10 years or more as a Machinist. Completed OSHA safety courses. Understand and read blue prints. Experience with lifts and conveyers, screw augers. Have become an expert in trouble shooting electrical components and make repairs. Provide machine maintenance on shop equipment, highly capable of trouble shooting problems. Able to work in stressful conditions and environments as well as oversee production.

Work Experience

Colorado Premium - Denver, CO

July 2015 - May 2017

Maintenance Technician

Maintain and trouble shoot food processing equipment during processing. Repair and perform routine maintenance on screw conveyors, buggy lifts and formax equipment. Repairs were done while operating.

Schenck's Tool and Machine - Denver, CO

February 2011 - July 2015

Machinist

Trouble shoot various problems. Install bearings and brushes, rebuild 24 volt motors and alternators for RTD buses, cut key ways, weld shafts, turn and straighten armatures. Lay out, secure and position parts for fabrication. Dismantled and inspected components, evaluate troubleshoot evaluate and perform repairs and fabricate parts as necessary.

Subcontracted Millwright - Denver, CO
Millwright

February 2008 - November 2010

Install, weld, set up and repair large machinery for production and fabrication including coal crushing equipment, turbines and conveyors. Job required extensive travel.

Maddox Machine - Commerce City, CO
Machinist

May 2006 - February 2008

Automotive machinery, operate boring machines, lathes, milling machines as well as Rotler honing equipment. Cut seats, grind valves, gauged and maintained tolerances on grinding diameters.

Subcontracted Pipe Fitter - Denver, CO
Union Pipe Fitter

November 2002 - May 2006

Laid out, fitted and fabricated metal components, included valves and fittings for FPBS,RTVS and VAVS. Combined welding techniques required to produce quality work. Heated, formed and dressed metal parts with hand tools, torch and arc welding equipment. Adjusted the weld machines to the correct settings prior to weld applications. Completed minor torch ups with MIG welders. Install pump boilers. Position required lots of travel.

Schenck's Tool and Machine Denver, CO
Machinist

May 1988 - November 2002

Large machine repairs, fabricate parts for orbital heli-arc welding heads, machine custom motorcycle parts. Measured and marked dimensions and reference points with accuracy. Dismantled and inspected components, adjusted and repaired them as necessary. Fabricated tools, jigs and fixtures to meet manufacturing and engineering needs. Measured instruments to verify compliance with precise specifications. Calculated and set controls to regulate machining factors like part speed, feed, coolant flow, depth and angle of cut and clamping methods. Operate hand tools, drill presses, riveting machines and tap burners. Heated, formed and dressed metal parts with hand tools, torch and arc welding equipment. Maintained and repaired shop equipment. Trained and instructed apprentices and helpers.

Summary of Skills

- Rotating equipment repair
- Centrifugal pumps and compressors
- Trouble shoot and repair electric motors
- Expertise in de-burring
- Fans,blowers and mixer use
- Certified Welder
- Certified Rigger
- Capable of .0005" machine tolerance
- Tool post grinding
- Tapping and milling
- Balance crank shafts
- Horizontal/Vertical boring machines and lathes
- Excellent trouble shooting skills

Education

High School Diploma

Ranum High School - Westminster, CO

Auto Body Technician Certification

Career Enrichment Park - Westminster, CO
