- I have been unemployed for like 2 and half years. I ending up have to stay home and take care of my mom who has stage 3 kidney cancer.
- I would do little jobs on the side when I needed money.
- I was wanting to start my own business selling shoes. I never ended up putting my full effort in and ended up stopping.
- I am very ready to get a job. I feel very motivated and have confidence in myself.
- I am on time, not lazy, can work good with people.

## Work Experience

---

### **HVAC Service Technician/Installer**

Tommys AC and Heating - Fort Collins, CO

September 2021 to July 2022

I worked with my mom's boyfriend. He had is own business. I learned how to install ac units. How to matnience them. I also learned how to use power tools. How to cut sheet metal. How to install piping. Also how to take my time and make things right. You can't rush something and expext for it to be nice. You have to do stuff right and get the job done right. Also how to talk to people the right way.

### **Dishwasher/Busser**

The Residence At Oakridge - Fort Collins, CO

2019 to 2019

My time at the residence of oak ridge showed me how be patient and respectful. Also how to properly clean a kitchen.
