Operations Supervisor

FedEx Freight - Henderson, CO

January 2010 to April 2017

My job title with fed Ex freight was Operations Supervisor. My responsibilities included over seeing employees and making sure they are following company safety and rules. Also my duties included making sure trailers were closed and all freight was secured due to departure to the correct destinations making all dispatch times. also managing employees by doing Kronos,corrective action and making sure all employees were working safe.

Full-time dock employee

January 2010 to February 2016

- * Have been running lanes for 6 years, which included a lot of supervisor skills without the title.
- * As a supervisor my duties include filling trailers to maximum capacity making sure all freight is secure and ready.
- * Making sure trailers are closed to correct destination.
- * Making cut times so the freight dispatches on time.
- * Managing employees and making sure their responsibilities are done and they are doing it safely.
- * Enforcing company ethics and responsibilities.
- * Making sure our docks are clean and up to par.
- * Kronos, employee reports, corrective actions, and chemical spills.
