PURSUING ASSOCIATES IN BUSINESS MANAGEMENT

I am psychically fit and capable of lifting 100+ pounds. I have experience in a variety of warehouse positions such as machinist, forklift operating, shipping and receiving. I also have very strong organizational skills and like to maintain a safe work environment. I am accustomed to standing on me feet for over 10 hours a day.

EXPERIENCE

FEBRUARY 2014 – FEBRUARY 2019

PRODUCTION SUPERVISOR, SERVPRO

SAN ANTONIO, TEXAS

I oversaw training new technicians to adequately perform water and fire damage mitigation based on IICRC guidelines. I created sketches of the damaged areas in a customer's home or business. Removed damaged material such as hardwood floor, drywall, carper, and vinyl flooring. Placed drying equipment to help remove moisture from the damaged area. Returned daily to inspect drying process and equipment.

MARCH 2020 – OCTOBER 2020

SLITTER OPERATOR AND HARDWAR INSTALLOR, CIRCLE GRAPHICS

LONGMONT, COLORADO

I operated large machines to cut a variety of materials. Stapled board backings to the canvases. Used the foam cutter machine to cut 100+ pounds of foam blocks, reducing to sizes needed for packing. Removed any left-over pieces of cardboard, foam, etc., to keep a clean and safe workstation.

JULY 2020 – SEPTEMBER 2020

FORKLIFT OPERATOR, METAL WEST

BRIGHTON, COLORADO

Operate forklift to move assembled pallets from one area to another. Organized warehouse and assembled the pallets. I would make each pallet before moving them for loading with the forklift.

OCTOBER 2020 – JANUARY 2020

PRODUCTION LINE, OTTERBOX

FREDERICK, COLORADO

Package cell phone cases and ensure the packing was up to company standards. Maintained a safe and clean workstation.
