

Jesse Gutierrez

Senior Lead Estimator - Interior Specialist Incorporated

Aurora, CO 80018

jgutier619@cox.net

760-458-1711

I seek the opportunity to be considered for the Estimating Department "Estimator" position. My current "Lead Estimator" position/experience will surely play a big part in demonstrating and utilizing my Leadership/Organizational and attention to detail skills.

"Do it Right the First Time" is my motto.

Authorized to work in the US for any employer

Work Experience

Lead Estimator

Colorado Counter Tops Inc - Aurora, CO

July 2018 to Present

- * Currently I work in the Senior Living/Commercial Sector for the Estimating Department
- * Daily Supervise, Lead, Implement, and make sure the processes and procedures of our National accounts for Atria/Senior Living/Sunrise are met. Always looking to improve existing functionality of daily tasks.
- * Create a positive repor with external and internal customers.
- * Estimate Commercial "Bid" requests.
- * Departmental Safety Captain

Lead Estimator

Creative Touch Interiors - Las Vegas, NV

September 2004 to June 2016

My expertise is in reading blue-prints and creating accurate quantities (take-offs) for flooring materials, countertops, tub/shower surrounds, windows, and diagrams. I managed the Estimating Department and insured that job deadlines are met, budget is met, and that we send out quality and precise information to our internal and external customers. I review, trouble-shoot and solve issues that may or may not involve Estimating. I am very well versed in working with the Company operating program called Home-star and our Estimating Program Callidus. I am also the go to guy for Estimating related questions or resolutions. I understand business practices and follow policy/procedures. I am very Safety conscious/aware.

I didn't leave Creative Touch Interiors. We were bought out by Interior Specialists Incorporated in June 2016

Chief Estimator

Interior Specialists Incorporated - San Diego, CA

April 1999 to September 2004

- * Supervised 4 Estimators in conducting accurate and professional Estimating for floor material utilizing blue-prints. Established standard policies and procedures resulting in a uniform way of

conducting business. Minimized shortages through training and paying attention to detail practices by everyone.

* Transferred to Las Vegas Branch of Interior Specialists Incorporated 06/2002 to re-create the Estimating Department.

Reserve Police Officer

San Diego Police Department - San Diego, CA
May 1996 to February 1999

Performed Patrol Duties. "Protect and Serve" the public.

(Senior Chief Petty Officer) Structural NDT

Non Destructive Test
November 1972 to February 1996

U.S. Navy

* Supervised/conducted testing and inspection of ship-board systems through Visual Testing (VT), Dye Penetrant Testing (PT), Magnetic Dry Particle and Magnetic Liquid Fluorescent Testing (MT), Radiological Testing (RT) utilizing 300kv x-ray machine and/or 100 currie Iridium 192 isotope radiation source. Ship systems include the construction and repair of Nuclear powered propulsion systems, 1200 psi steam plants, High pressure hydraulic systems, 150 psi fire-main, ships hull, and weight bearing equipment. I am very familiar with blue-print reading and all associated components of systems being inspected.

* Radiation Safety Officer. Nuclear Regulatory Commission (NRC) Certified.

* Quality Control and Quality Assurance experienced.

* Ships Fire Marshal

* Safety aware and compliant.
