Work Experience

Territory Manager

Vendomatic Inc.-Greenville, NC

Present

Managed a vending machine route across multiple locations, overseeing inventory restocking, product rotation, and equipment maintenance.

Coordinated with warehouse teams to ensure accurate inventory levels, efficient loading, and timely dispatch of vending stock.

Monitored product demand and adjusted supply chain logistics to minimize waste and maximize profitability.

Conducted regular audits of warehouse inventory and vending machine stock to maintain accurate records and prevent shrinkage.

Trained and supervised route drivers on warehouse procedures, inventory tracking, and machine servicing best practices.

Implemented operational improvements, including optimizing warehouse storage and route efficiency to reduce costs.

Collaborated with vendors, suppliers, and logistics partners to enhance supply chain reliability and streamline operations

Forklift Operator/Material Handler

ResourceMFG

April 2019 to February 2021

Safely operated forklift, moving materials efficiently, enhancing warehouse productivity.

Loaded and unloaded shipments, ensuring accuracy, reducing errors in inventory management.

Performed maintenance checks on forklifts, minimizing downtime and improving safety standards.

Inventory Control

MINGES BOTTLING GROUP

November 2016 to April 2019

Managed inventory levels using Excel and inventory management software to track stock movement, analyze trends, and optimize reorder points.

Investigated and resolved inventory variances by cross-referencing warehouse records, purchase orders, and shipment logs.

Ensured compliance with company policies and industry standards for inventory tracking, documentation, and reporting
