(970) 5188598

I had the chance to work jobs that got me this far from mechanic work to working in the oil industry. Dependable, hard-working laborer with over 2.5 years of experience in mechanic as well as oil rig experience. Experienced Foreman with a strong background in solar panel assembly and direct labor supervision. Many years working in all different kinds of weather. Detail-oriented as well as hard working. 3 years in warehouse shipping and receiving, including forklift operation, merchandise loading and maintaining on-time deliveries.

Authorized to work in the US for any employer

## Work Experience

---

### **Production Operator II**

Covenant Testing Technologies  
August 2017 to Present

Manage flow of gas , oil and water.  
Diagnosis any restrictions of flow
