Operations Manager

Green Star Construction - Aurora, CO

May 2012 to August 2014

Lead the everyday production duties of a residential construction company. Job duties include the following: Schedule and supervise all construction jobs (i.e. providing cost/profit analysis for each job, applying for and picking up necessary permits, ordering materials, scheduling crews etc.). Communicate with local municipalities to schedule and receive approval for all building inspections. Draft work orders providing work scopes and specific instructions for crews on each job. Provide customer service before, during and after builds. Perform all needed repairs on prior projects.

Project Manager

Premier Roofing Company

July 2009 to April 2012

Supervised the completion of residential and commercial roof installations. Verified material deliveries and delivered additional materials to jobs when needed. Set up and secured ladders on job-sites for final inspections. Provided on-site customer service during and after builds. Performed minor roof repairs and installations.
