Work Experience

Line Lead/Supervisor

Hearthside Food Solutions - Grand Rapids, MI

November 2019 to Present

I direct and support the operators to meet production goals. I'm responsible for ordering raw materials and ensuring the proper completion of all regulatory and traceability documentation. I also perform inventory and reconciliation of unused materials at the end of production runs/changeovers.

Crew leader

Kellogg's - Battle Creek, MI

June 2003 to October 2018

My responsibilities included crewing employees to jobs based on qualification, assisting crew and assuring food is made safely and according production schedule, producing quality food to recipe specifications while adhering to all GMP's, training crew, 5s areas, perform safety and HACCP audits, collecting and reviewing daily paperwork to verify accuracy and completion, record shift notes, record and explain any downtime of equipment as well as any loss of production, instruct crew on proper sanitation methods and perform sanitation inspections, complete all FDA required documentation, assist supervisors in other areas when needed, lead and encourage participation in daily tier meetings, create work orders, complete payroll and submit to human resources, coordinating with maintenance crew, recording raw material usage, and whatever is required to meet production schedule.
