July 2015-Nov 2015 (temp thru Volt), March 2016 - PRESENT

Work order/documentated building/soldering of electronics ranging from low-end consumer to medical and aviation products.

- Use of various hand tools, application of adhesives/thermally-conductive materials, potting, wire stripping/tinning, DHRs ranging from spot multimeter checks to Windows/command terminal-based function tests, part check/requisitions, tagging defective/repairable parts, station setup, troubleshooting all stages of process.
- SMT/through-hole soldering, Class 2/High-Voltage, lead/lead-free, slide-line part placement, component identification.
- Pallet jack use, kitting/dekitting, shipping/shrink-wrapping.

Encision, Boulder, CO — Assembler

Dec 2015 - Feb 2016

Small part assembly/packaging of surgical devices in clean-room; Work order based hand assembly surgical scissors, including sharpening of scissors, ultra-sonic cleaning prior to packaging, heat-sealing/light box QC before shipping.

Additional light electronics assembly/single wire(Class 2) soldering.

Covidien, Boulder, CO — Assembler (PI)

June 2014 - Nov 2014 (temp thru Kelly Services)

Step-by-step line assembly in a clean-room environment; small part assembly, clean-room awareness/etiquette, problem solving, use of pre-programmed sonic & laser welders.

EDUCATION

AIMS Community College, Loveland, CO — GED

2005

SKILLS

IPC-A-610 Certified (July '16)

Electronics Acceptability Standards

-

(Serial No;

610M-3856302230S)

IPC-A-620 Certified (Jun '16)

Wiring Harness/Cable Standards

-

(Serial No;

620-S4856184436)

Fast learner.

Strong, willing lead but also; Team-player, always go out of my way to help.

Willing and looking to learn new things.

-

Wide-range of skills.

Adept at any volume.

Lead-potential.

Even-keel.
