My name is Jonathan Bulger, I have been married for 4 years and I am the father of 3 wonderful children. I am 29 years old, and I have experience running CNC machinery, working in a Distribution Center, and an assembly line. At this point I am looking for a career, somewhere I'll stay for a long time, and have the opportunity to give my family what they deserve, and to eventually retire comfortably. I have been at 3 companies in the past 11 years and I want this next one to be my last.
