Work Experience

Machinist

EPTAM Precision - Colorado Springs, CO

March 2019 to April 2021

Setup and run a variety of CNC machines, manual machines, presses, grinders and blasters some with very small tolerances. Measure and check parts to assure precision quality and consistency.

Machinist, Customer Service and Sales

Americo Inc

January 2010 to March 2019

Responsibilities include making and producing parts using machines such as mills, lathes, saws and a variety of hand tools, quality control including measuring parts and making sure produced parts are within specifications.

Also a lot of computer work such as data entry and website building combined with customer service and talking to new prospective customers about what our company could do for them.

Baseball Umpire

Aurora Sports Officials, Aurora

June 2006 to August 2016

Officiated youth baseball games, some at a very high level. Enforced the rules of the game and maintained a professional demeanor to excitable parents and fans.

Education

Diploma

Sand Creek High School

2000 to 2004
