Authorized to work in the US for any employer

Work Experience

Delivery Driver

Transtar Industries - Denver, CO
February 2019 to August 2019

- Managed paperwork
- Refueled vehicle
- Established long-term customer relationships
- Delivered a wide variety of products , including transmissions

PT Supervisor

UPS - Commerce City, CO
February 2016 to June 2019

Managed anywhere from 15 to 25 employees during the preload shift. My goal was to make sure each and every one of my employees properly placed each package in the package cars correctly for the drivers. Before I worked on the preload shift I was a driver supervisor where I had to direct drivers where to go and I assisted customers when things went wrong or packages went missing. Throughout my 3 years there I was promoted and took over my own area of the building.

Education

High school or equivalent in Gateway to college

Front Range Community College - Westminster, CO
January 2015 to May 2017

Skills

Management (3 years), Customer Service (2 years), Excel (1 year), Powerpoint (1 year), Training & Development (3 years), Entrepreneurial operations (1 year), Hazmat, Safety (3 years)

Certifications/Licenses

Safe Staff

Present

Everyday at ups I was pushed to keep my employee's working using the proper techniques for their own safety and for the quality of their work.
