WORK EXPERIENCE

Production/Manufacturing Laborer/part fabricator

Creative Foam Corporation - Berthoud, CO - February 2017 to Present

- Received finished parts from operator. Trimmed, scrimmed(fabric tape) together non full parts, and repaired parts as necessary according to quality standards.
- Checked that parts fit together in order to make sure kit built was to specs. Folded and stacked parts onto carts or into boxes. Checked quality of parts throughout built kits. Operated pallet jacks to move material and kits.
- Placed raw material into CNC machine. Selected correct program for machine to cut material. Labeled parts. Checked and kept stock of batch parts. Tried to meet daily quota of needed kits. Cleaned machines at the end of every shift. Filled out and turned in daily shift paperwork. Communicated problems, needs with machine or materials to leads or supervisor.

Laborer

Python Decorative Concrete - Fort Collins, CO - July 2016 to January 2017

Loaded correct amount of material into and operated 12cu ft. mortar mixer

- Shoveled finished mix from wheel barrows into curbing machine while moving at steady pace
- Transferred wheel barrows of concrete to areas of need for flat work
- Finished edges on flat work concrete
