Work Experience

Manufacturing Specialist

Paravion Technologies - Fort Collins, CO

July 2018 to July 2023

Responsible for assembling and fabricating a variety of products manufactured by Paravion Technologies for the aviation community. Range varies from operating a variety of metal saws (band and stone) to metal shear, drill press, press brake, manual lathe, hand and pneumatic tools.

Machine Operator

High Plains Steel Services, LLC - Windsor, CO

March 2018 to July 2018

Responsible for using a variety of equipment on the fabrication of structural steel components. These include, but are not limited to:

Plasma table, Press Brake and Ironworker. Regarding the Plasma Table, I was also responsible for creating my

own nest and editing the drawings accordingly, using FastNest and FastCam software. Other responsibilities

include the receiving and checking in of material, and loading and unloading via a variety of forklifts.

Manufacturing / Supply Chain Coordinator

SpiderTrax Off - Hygiene - Loveland, CO

December 2007 to January 2017

Responsibilities include, but are not limited to: overseeing various aspects of shop production by ensuring best practice/ utilization of resources, timely manufacturing of goods, creating/ handling purchase orders, maintaining accuracy of live inventory database, and communicating effectively with suppliers within departments of manufacturing.

Infusion Technician

Correct Craft - Orlando, FL

January 2005 to January 2006

Responsible for the production of small parts by vacuum infusion.

Detailed knowledge of the resin-transfer process.

Required the ability to follow strict chemical parameters and maintain all production molds and counter molds.

Assisted in designing the vacuum-infusion molds and system hardware.
