I am looking for full time employment along with overtime as a Welder. I have over 13 years of oil field experience and I am a hard worker who has been welding for 3 years. I have my AWS 3G and 4G Certifications in SMAW and FCAW along with an AWS Certification in Reading Welding Symbols and plan on pursuing more certifications. I have experience in Heavy Cat Equipment Welding, Structural Fabrication, Stairs, Handrails. I am currently working on my 6G SMAW and my 6G GTAW Stainless. I am extremely motivated and a quick learner. I look forward to working with your company.

Authorized to work in the US for any employer
