Work Experience

Production Worker

Vestas

June 2020 to August 2020

I worked 12 hour shifts overnight working with fiberglass and performing hard labor. I was responsible for making the blades that go in one turbines. The whole process takes about 10 hours. This job really taught me diligence with the odd schedule and hard work.

Krispy Kreme

WKS Restaurant Group

June 2019 to July 2020

I was a production specialist, which means I made the all of the products from donuts to fillings and chocolate, all from scratch.

Bob's Done Right

March 2016 to May 2019

I was responsible for cleaning areas that were under construction, workdays would vary from 7 hrs a day to 15, depending on the site.
