Work Experience

Manager

King Soopers - Longmont, CO

December 2021 to Present

In charge of a team of over 5 people making sure that we have completely stocked the larger portion of the store. Inputting times it took to stock individual aisles as well as the complete shift. Also responsible for stocking products.

Material Handler/Forklift Operator

Medtronic - Boulder, CO

December 2000 to June 2021

I was responsible for Stocking, cycle counts, inventory, forklift, BPCS, excel and recycling. I was also responsible for training others. Was in the team that formulated the "milk run" to maximize efficiency in our work time. I cross trained in other areas to help where I was needed. Started as a production operator and was promoted to Material Handler, then Material Handler II at which point I was responsible for parts and inventory of 8 areas. Laid off as a result of the area I worked in being exported to Tijuana, Mexico.
