## Work Experience

---

### **Forklift Operator**

North Star Sheets, LLC - Cottage Grove, MN

April 2019 to Present

Take units off the line and load into correct trailer

- Maintained accurate inventory records
- Managed, scanned and organized freight delivery
- After a couple months I was trained on the yard dog and have been doing that for the past 2 years

### **Material Handler**

Hearthside Food Solutions - Lakeville, MN

August 2018 to December 2018

Use standup forklift to move pallets to correct line and move finished product to a warehouse conveyor where it would then be stored.

### **Order Builder**

Great Lakes Coca-Cola - Eagan, MN

May 2018 to August 2018

Build orders with a voice pick headset in a pallet jack

### **Forklift Operator/loader**

PepsiCo - Burnsville, MN

April 2015 to November 2017

For the first year with the company I used a standup forklift picking orders which then had to be staged on the correct route truck, after the first year we switched to picking orders using voice pick with a headset, I also used this system while working in the bulk department using a pallet jack to build the correct pallet to be loaded into semi trailers.

### **Production Worker**

Baldinger Bakery - Saint Paul, MN

September 2012 to October 2013

Unload trailers with empty racks and load into steam washing machine. Also loading product either into a trailer ready for delivery with a pallet jack. Or using a sit down forklift put the product into the freezer. Also on Sundays I helped the sanitation department where I got experience using a sky jack.
