## Work Experience

---

### **Machine Builder**

BW Papersystems - New Berlin, WI

March 2019 to Present

Built New Metric and Standard Machine lines for the corrugated paper industry from prints. Older Machines would come in from the customer to get overhauled. Mechanical Aptitude was essential in using different hand tools, precision tools, power tools, drilling, tapping, fabrication in order to get the Cutter machine done on time. Working as team with each other on the floor and with engineering was key to do those tasks completed in a timely fashion. Use of forklifts and overhead cranes were necessary to move material and machinery.

### **Mobile sales/Service Technician**

Pirtek, Fluid Transfer Solutions - Menomonee Falls, WI

February 2016 to October 2019

Mobile Sales for non service work in Hydraulics. Also Serviced various types of equipment in the industry that dealt with hydraulics.
