

Joshua Darrell

Greeley, CO

I'm young, strong minded and ready to learn. I've been doing aluminum TIG and MIG welding for 4 years . I am a quick learner and a very hard worker that shows up everyday and is on time. I like setting goals for myself in and out of the work place to keep stridding to do better. I take ownership in my work and am dedicated to achieving success. I am constantly looking for ways to improve and grow in my role. In addition to my welding experience I also have 3 years automotive mechanic and my own tools.

Willing to relocate: Anywhere

Authorized to work in the US for any employer
