## Work Experience

---

### **Lube Technician**

Grease Monkey - Brighton, CO

December 2017 to March 2022

I would work from open to close five to six days a week. My daily job was completing oil changes. I would also greet customers I could cash them out also known as kiss off. I would sell extra services beyond oil changes according to our service history manual. We would clean windows vacuum interior and fill tires to spec. My job was to keep our customers happy. I loved it.

### **Apprentice Electrician**

E.C.I. Inc - Denver, CO

June 2012 to October 2015

I would lay home run main power lines. Pull circuits. I would generally wire residential buildings from start to finish. I did a lot of cleanup duties every day. I had a lot of problem solving too. Lots of math and physical work.
