Authorized to work in the US for any employer

Work Experience

CNC Maintenance Technician

J.M. Grisley - Wheat Ridge, CO

August 2021 to August 2022

Installed new and used cnc machines. I also realigned turrets and chucks when they got bump or hit. Also did preventive maintenance on mills and lathes.

Machinist

Apergy - Frederick, CO

January 2017 to August 2021

I operate both a lathe and mill. Making parts for the oil and gas industry. I do setup's and make adjustments to make the parts to print using calipers, micrometers and other tools.

Crew Member

Moyer Machine and Tool. - Loveland, CO

February 2016 to September 2016

Same as before.

Crew

Hach Company - Loveland, CO

March 2015 to February 2016

Ran parts for the water company. Read blueprints and also checked the quality of the part.

Sales

Tynan's Nissan Fort Collins - Fort Collins, CO

August 2014 to December 2014

Responsibilities

In sales I worked directly with the customer to find the vehicle that best fit their price range and lifestyle.

Accomplishments

Learned a lot about car sales and how the car business works.

Machine Operator/Shift Leader

Moyer Machine and Tool LLC - Loveland, CO

March 2012 to August 2014

Responsibilities

As a machine operator and shift leader I was responsible for making sure machines were running properly, they were producing quality parts and hitting numbers for the day. I helped any co-workers who had questions or needed help with their machines.

Cook

Old Chicago - Loveland, CO

August 2011 to March 2012

Responsibilities

As a employee at Old Chicago and as a cook I was responsible for getting orders out accurately and in a timely manner. It was important to pay attention to detail, keeping food consistent and meeting any special requests by the guests. Another responsibility of mine was to close, which meant not only cleaning up after the day and preparing my co-workers for the morning but holding the rest of my crew responsible for doing their outwork.

Expo/Prep

Famous Daves - Fort Collins, CO

September 2010 to June 2011

Responsibilities

As a prep at Famous Dave's I was responsible for following recipes and making sure that my front line was properly stocked throughout service hours. As a expo my job was to make sure the food was consistent and met restaurant standards but the majority of my work involved communication, keeping cooks, servers, prep cooks and managers on the same page.
