WORK EXPERIENCE

Wood tech

NHance Wood Renewal - 2016-06 - 2017-05

As a wood tech, My job consisted of driving to and from customer houses, taking before and after pictures, taking cabinet doors off of the bodies and cleaning the bodies. I would tape and mask off the kitchen to keep product from getting onto the floor, walls, counter tops, and ceilings. We would then spray or roll the finish on the bodies and clear coat them when the product dried. I would then hang the doors and finish the paperwork with the customer.

Warehouse supervisor

Floor and decor - 2013-07 - 2016-06

As a warehouse supervisor I was in charge of 5 employees. My team was responsible for loading and unloading semi's and flatbeds with reach trucks and forklifts, pulling in store/online customer orders and picking them out of inventory then tagging and storing them in the warehouse racking. I would also have check the incoming product into the inventory. My team was also responsible for cleaning the store/ warehouse, and also help selling our product to the customers.

Desk op/All purpose clerk

King soopers - 2008-08 - 2013-10

As a Desk Op, I was in charge of about 8-10 employees on the front end ranging from baggers to checkers and the service desk. I was responsible of writing a daily break schedule, checking, bagging, helping the service desk/fuel center, overrides, counting the money drawers, balancing the safe, and sending and requesting help to/from other departments. I was also trained at the fuel center, in the grocery department, General merchandise, and the produce department.
