Work Experience

Trash Collector

1-800-GOT-JUNK? - Mead, CO

July 2021 to Present

We recycle all items and try to keep most things out of the landfill

Manufacturing Technician

The J. M. Smucker Company - Longmont, CO

December 2022 to May 2023

learned how to run machines so we could make uncrustibles sandwiches and how to sanitize everything for better work environment

Junk removal

Hulk addicts hauling and junk removal - Johnstown, CO

November 2021 to October 2022

i was a junk removal lead removed just about anything and everything also did some demolition work

Material Handler/Machine Operator

PTA Plastics - Niwot, CO

November 2019 to October 2020

as a machine operator i would have to keep up with the parts coming out as well as trimming any extra plastic or watching for bad parts

after 6 months i got fully hired onto the company

after the 7 month i got asked if i wanted to try the material handler position i did and my duties were to make sure every machine had enough material to keep running or enough boxes or bags or remove full pallets of finished product

also mix special batches of plastic
