Overview

I am a person that thrives in a fast paced atmosphere and works very well with others. My goal is to secure a position with a well-established organization where my resourceful experience and skills will add value to the operations, and will result in a lasting work relationship.

Skills & Abilities

- Active Listening - Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- Critical Thinking - Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
- Troubleshooting - Determining causes of operating errors and deciding on the best resolution.
- Reading Comprehension - Understanding written sentences and paragraphs in work related documents.
- Speaking - Talking to others to convey information effectively.
- Operation Monitoring - Watching quality of products and identifying production gaps to ensure smooth operations.
- Complex Problem Solving - Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
