**OBJECTIVE:**

To join a progressive organization and become a contributing member of the staff, utilizing my education and experience to achieve and surpass personal and corporate goals.

**EXPERIENCE:****Industrial Products International, Denver 2017-2018**

Operate and program CNC Routers and Lathes using MasterCam. Pick materials to be cut with forklift. Inventory of materials, and keep track of orders. Read Blueprints and dimensions. Good Geometry skills. Offset machines and knowledge of tools and tool changing. Machine maintenances such as oil, grease and cleaning. Operate table saw and drill press as needed.

**Art Pro, Denver, Co. 2016-2017**

Operate Zund router to cut custom wood, pvc, and acrylic to be printed on Fuji flat bed. Print vinyl, canvas and wall wraps on HP 360. Very fluent with Caldera, and some Illustrator. Mac and PC savvy

**IMS Printing & Signs, Lone Tree, CO. 2013-2016**

Prepare files in Caldera and Adobe Illustrator to be printed on Epson GS6000, Mimaki JV33, HP Latex 360 and HP Flatbed 700. Print wide format media such as banners, decals, window clings, and posters. Run Coroplast, foam core, aluminum, and other various materials on HP Flatbed 700. Operate Colex and Esko router and set up files in Illustrator for vinyl cutting on Mimaki plotter.

Contact: JJ Hiem (720) 258-1959

**URS Corp., Denver, CO 2008-2013**

Set up and build print jobs on Xerox 800 machines. Highly experienced with Make Ready software using different color stocks, inserting tabs, Z folding 11x17, and card stock front & backs. Bind books with coil, GBC, drill & screw post binding. Scanned and made oversized prints on Océ TDS 700 and HP color plotters.

Contact: Sean Knowles (303) 740-3904
