LABORER.

October 2011 - December 2011

Pacesetter, Inc | Burnsville, MN

Construction - Residential & Commercial/Office

I gotten this position through a Temp agency, Our assignment we did was to remodel TGI Fridays around the Metro area which took all of 2 months to finish every store which I was stationed at the Burnsville store with many other companies an crews.

We started out with the windows that were placed along the inside of the Bar area scrapping stars off then parting them out an from there we got more into the dirty work or Sanding, Cutting, Building and Painting it took us 3 weeks to finish with new seating and giving the entire place a new look before moving on to the Maple Wood store an doing it all over.

Sales, Retail, Warehouse Safety Training, warehouse, Warehouse Shipping, Housekeeping, Computer Technician, Music, Audio editing, Audio Engineer,

Warehouse Associate

February 2008 - June 2008

Circuit City | Bloomington, MN

As a Warehouse Associate many more of my experiments came from doing my training on the computer to driving a stock picker, I also learned to operate a bailer and take in morning shipment as well as when in the front of the store I can maintain the back of the store just as well when I'm in the front of the store so the best part of being at work to me was that I am very dedicated dependent and determined to show that I can do the work that's thrown at me while working.

Sales Associate

October 2006 - November 2007

Finish Line | Bloomington, MN

As A Sales Associate I was required to do floor sets and merchandising , So along with that during this position I became more flexible with lots more enthusiasm which made my customers a lot more satisfied. I also learned to do shipping and receiving so when that occurred it

helped me not only to move fast but also
maintain the store for customers and employee's.
