My name is Kevin Songaeng Phathaem; I am 18 years old. I am still currently in high school starting my senior year at Alternative Learning Center (ALC). I was born in Minneapolis, MN; but I eventually moved to Storm Lake, IA with my family and was raised there for almost my whole childhood. When I was 15 years old I relocated to Rochester, MN to start a new life. I am looking for a different work environment because I want to have experience new work fields.
