OBJECTIVE Employment as a Machine Operator/ Fabricator/ Production Mechanical Assembly/Repair

SUMMARY OF MACHINE SKILL Engine lathes, turret lathes, milling machine, CNC turning, drillpress, bandsaw, grinding machine, Automatic Punch Press machine, turning, cutting, threading, I.D.O.D. Boring, facing, work close with Tolerance, spray painting, use of hand tools, Mechanical assembly parts, installing, disassemble part. work follow by engineering manual requirement. Final inspection, testing, trouble shooter, trimming, grinding, blending, sanding.

SUMMARY OF ACQUIRED SKILL Use of slide caliper, and I.D O. D Micrometer, knowledge of work orders, reading blueprints, (CNC turning) do some set ups, make off sets, edit program. Mechanical assembly. Use of power hand tools, fabricating, cutting, trimming, bonding. Mechanical assembly, fixture set up

EXPERIENCE

Hazen Research, Inc

4601 Golden, CO 80602

April 2014 to May 2017 (303) 279-4501

Assist Tech. set up fixtures, monitoring temperature, take samples, measuring and mixing chemical as direct from engineering procedure, safety, team work, project work, dis-as amble, cleaning, storing.

Nordam Group

April 2005 to Dec 2008

1120 E. Pine St

Tulsa, OK 74116 (918)587-4105

Aircraft Mechanic, Overhauling Aircraft Aft cowl, Reverser, teardown, repairing, sanding, blasting, blending, drilling, cutting, Mechanical assembly, Details parts repairing, hi-lock shooting, shaving, blocker door repairing, assembly, installing, fabricating, locating, work following job discrepancy, engineering work orders, and shop manual, blueprint drawing.

Norris O, Bannon.

1987 to 1992

4615 S. 49th W. Ave

Tulsa, OK 7417 (918) 441-2610

Machine Operator, Shipping & Receiving. Operated Engine lathes, milling machines, drill press, do cutting, boring, make thread I.D. O D. facing, turning, do machine set up, make off set, edit program, do shipping and receiving, storing parts, order pulling, forklifts driving, over crane control, do general job shop work, team work challenger.

1984 to 1986 Ken Co- Engineering.
Tulsa, OK
Machine Operator. Operated Machine engine lathes turret lathes, threading O.D.I.D, cutting, turning, drilling, milling, inspecting, Blue print reading, machine set up, tooling grinding, measurement, do mechanical testing on machine. CNC turning, loading program editing program, off set program, do shipping and receiving, painting, assembly parts, packaging, orders pulling, storing parts. Do general job shop works.

1986-1987 Nordam Group
510 S. Lansing St
Tulsa, OK 74126 (918) 587-4105
Aircraft Assembly/ fabricator: do trimming, bonding, cutting, drilling, Hi-lock shooting, hi-lock shaving, teadown parts, assembly, grinding, fiber glass mixture, set up part on fixture, work close with tolerance, blue print reading. Work on project noise reducing.

1997-1999 AMF Bowling, Inc
Golden, CO
Final Inspector / Tester: Do a final inspection on bowling lane machine. Mechanical testing, troubleshooting, cleaning, packaging, storing, lubricate. Record keeping, do final reports to plan management

EDUCATION

1991 Associate Degree of Arts in Theological Study. Oklahoma Baptist University, Shawnee, OK

VACATIONAL TRAINING

1985 Certificate of Industrial Machine Tools
Engine Lathes and Turret lathes, CNC (turning machine)
