Sales Canvasser & CNC/Manual Machine Operator/Set-up

Englewood, CO 80110

Kgrim1997@live.com

9708200690

I am an excellent Canvasser of Sales as well as a CNC Operator that is very consistant, highly organized, ready to learn, and well experienced. I have some experience with QC Inspections, Lathe set-ups, Mill set-ups, Manual machine operations, and the Ability to Responsibly Supervise a well matured team or individuals & work grounds. I am highly responsible with producing quality in various quantities and greater numbers of sales/potential customers each day. With being consistent, in my productivity, organization, part measurements, and rapidly excelling sales skills, I plan to achieve an exquisit relationship with the best employer possible. An employer that is respectably fit and deserving of my experience, skills, and my, eager/ready & teachable/trainable mindset, will not be disappointed nor discouraged by my output of hard work.

Willing to relocate: Anywhere

Authorized to work in the US for any employer
