+1 720 314 4554

With over 10 years of hands-on warehouse operations experience and over 5+ years of management experience, I understand the importance of process improvement. While working in complex leadership roles, I diligently identified ways to streamline operations, encourage business growth, and build stronger teams.

Some of my areas of expertise include:

- Team building and training
- Process improvement
- Business development
- Regulatory compliance

Willing to relocate: Anywhere

Authorized to work in the US for any employer
