I'm fairly new to Rochester but I'm ready to work and learn as much as i can. I'm just starting out in life so I'm eager to get out there and explore the work field. My past work experience has been in customer service and then food service. I feel that I can be a great asset to the company I work for since I have a good work ethic and I'm reliable. I love meeting new people and enjoy a challenge. I look forward to communicating with my new employer.
