To Whom It May Concern:

As a highly skilled Senior Lab Technician and Warehouse Associate/Team Lead, I am seeking a position within your company. My extensive experience aligns well with the qualifications that you are seeking and I am certain that I would make a valuable addition to your organization.

With more than 15 years of experience, I am adept in all fields, to include analysis, testing, diagnosing, and the resolution of flaws. While my on-the-job experience has afforded me a well-rounded skill set, to include exceptional communication, problem solving, and analytical skills, I also excel at:

- Working alongside production to resolve any issues that may occur
- Analyzing materials for safety and regulatory compliance
- Consulting with other staff to develop formulations as well as processes and procedures for resolution

In addition to my professional experience and personal qualities, I am an extremely dedicated person and would love the opportunity to discuss with you further detail of my experience and qualifications would benefit your company and their mission.

Thank you for your time and consideration.

Kenneth Arnett
