Objective

Seeking a full time position as a press operator or similar equipment in a production environment. Have forklift and stacker operation experience and also supply and warehousing skills.

Abilities

- Measure completed workpieces to verify conformance to specifications, using micrometers, gauges, calipers, templates, or rulers.
- Examine completed workpieces for defects, such as chipped edges or marred surfaces and sort defective pieces according to types of flaws.
- Read work orders or production schedules to determine specifications, such as materials to be used, locations of cutting lines, or dimensions and tolerances.
- Load workpieces, plastic material, or chemical solutions into machines.
- Set up, operate, or tend machines to saw, cut, shear, slit, punch, crimp, notch, bend, or straighten metal or plastic material.
- Start machines, monitor their operations, and record operational data.
- Test and adjust machine speeds or actions, according to product specifications, using gauges and hand tools.
- Install, align, and lock specified punches, dies, cutting blades, or other fixtures in rams or beds of machines, using gauges, templates, feelers, shims, and hand tools.
- Clean and lubricate machines.
- Position, align, and secure workpieces against fixtures or stops on machine beds or on dies.
- Can drive various types of forklifts,
