## **SUMMARY of QUALIFICATIONS**

Self motivated professional, capable of working independently or as part of a team. Expert at analyzing and problem-solving.

## **PROFESSIONAL EXPERIENCE**

### **2001 to 4-2010 Styro-Tech/ Spiral Inc**

Plant Manager /EPS Foam, Manufacturing foam meat trays

- Extrusion Roll Production Scheduler
- Hands on Plant Manger
- Maintenance Manager / Tech
- Plant Process Control & Documentation
- Plant Systems Designer/Material Handling
- Process Engineer Thermoforming & Extrusion
- Production Director
- Project Manger
- Quality Control Manager
- Responsible for Extrusion Thermoforming and Maintenance Departments
- Tooling Design
- Trainer
- Troubleshooter

### **1997 - 2001 Complex Tooling & Molding, Boulder, CO**

Maintenance Technician/Injection Molding

- Assembled & maintained clean rooms/work centers
- Built new water tower stands/ Installed piping 8"&10" PVC SCH-80
- Control & hydraulic calibrations
- Disconnect injection molding machines to relocate
- Installed 45 station material handling system
- Installed 60 ton chiller & piping 3"& 4" SCH-80 PVC
- Installed water tower sand filter
- Maintained 45 Descant dryers
- Maintained 45 injection molding machines
- Reconnect air & water at new facility and level molding machines

Repaired fixtures  
Replace injection molding machines screws, barrels, and check rings  
Robot installation  
Robot troubleshooting & repair  
Robot troubleshooting & repair  
Troubleshoot injection molding machines  
Trusted with office keys after hours

**CERTIFICATES**

Van Dorn Demag Technical Training School

HT & HP molding machines with Pathfinder 1000 through 5000 Controls  
Basic Operation & Maintenance Session  
HT Series Machines Maintenance/Troubleshooting Workshop

Lewellyn Technology

PLC Fundamentals & Troubleshooting I & II  
Basic Industrial Electricity

Letter of appreciation, 2 weeks help at Memphis Plant  
Value Add During Month of August 1999

**1997 - 1999 A&T Transmissions, Northglenn, CO**

Mechanic

Brakes & Clutches  
R&R Transmission

**1985- 1996 Amoco Foam Products, La Mirada, CA**

Maintenance Technician /EPS Foam, Manufacturing Foam Plates & Containers

Positions worked, Former Operator, Set- up Technician  
Extrusion Technician, Maintenance Technician  
Was a 1 man Maintenance Team working 12 hours on Night shift  
7 - Model 50 Irwin Thermo formers  
2- Foam lines 6" primary, 8" secondary, 4 laminators & 2 printers  
2- 4" Reclaim extruders

**CERTIFICATES**

National Safety Council

Forklift Training  
Man Lift

Philip Crosby Associates, Inc.

The Quality Awareness Experience  
A four hour course in the concepts of Quality Improvement

Industrial Training Services

DC and AC motor controls  
Basic Industrial Electricity  
Fundamentals of hydraulics  
5 and 10 year injury free

Irwin Research 1 week training

Programming & Tuning Micro Phaser  
Troubleshooting & Repairing Micro Phaser  
Troubleshooting & Repairing Drives & Motors

In House Training

Lockout / Tagout  
Emergency Response  
CPR/First Aid  
Forklift refueling, Propane

**1984-1985 Plastic Products, Santa Ana, CA**

3<sup>rd</sup> Shift Working Forman

Manufacturing Tubing & Custom Profile Extrusion  
4 Extruders  
2 Injection Machines  
Set-up & change over  
Supervised group of 6+ employees  
Quality Control

**1981 - 1984 VIP Rubber/Plastic Div, Anaheim, CA**

1<sup>st</sup> Shift Working Forman

Manufacturing Custom Profile Extrusion  
5 Extruders  
Supervised group of 6+ employees  
Set-up & change over  
Quality Control

**1979 - 1891 Stratos /Aeromar Manufacturing, Burbank, CA**

Machine Operator/Shipping & Receiving

Manufacture of Wire Insulation Materials & Tubing  
Started as a spooler/hopper filler then advanced to operator, shipping & receiving.

**EDUCATION**

William N. Neff High School 1975-1979
