Work Experience

Die Cut Operator

RockFront Packaging - Commerce City, CO
March 2020 to February 2021

I worked on an old school die cut machine and also a Die Cut ward at times at a small converting warehouse. we'd convert corrugated board into boxes with 1-2 colored prints.

I was totally independent and would jump on a forklift to go grab my board from the warehouse to bring to my machine.

I enjoyed this job cause it had less than 20 employees and it had a family atmosphere to it!

Die Cut Operator

International Paper - Golden, CO
November 2019 to March 2020

I wasn't here long because the job wasn't what I imagined it would be and so I found a job doing similar responsibilities shortly after getting hired on unfortunately.

Die Cut Operator

International Paper - White Bear Lake, MN
September 2018 to November 2019

I worked on a Corrugated Board converting Machine, A Die Cut Machine. I was the Assistant on this machine which had a crew of 4!

I'd swap out Components for different orders and we'd make thousands of corrugated board products throughout the day.

Warehouse Forklift Operator

H. Brooks and Company - New Brighton, MN
August 2018 to December 2018

I Built Pallets of Produce Products readying them for Shipping throughout the day!

Methodist Hospital

Park Nicollet - Saint Louis Park, MN
November 2015 to January 2018

I worked with Methodist hospital on and off for 3 years, first through a temp company. I quit on good terms for school and came back as a temp again and then got hired on.

I Cleaned surgical Instruments, Sterilized them, and then sorted them into their cases.

I was hired on as a Unit Manager which involved me bringing these Sterile Instrument sets to each OR, readying them for next day Cases.

Fairview Riverside- CPC Instrument Proc Tech

Date of Hire

January 2015 to November 2015

I Cleaned, Sterilized and Organized Surgical Instruments readying them for Surgery.
