Work Experience

Assembler/Production

UGN sound solutions - Monticello, KY

May 2019 to August 2019

My duties included were as follows. We make the bottom interior for Nissan and Toyota and other companies. I worked on a assembly line each worker rotates positions during it's processes.

Parts mover

Selmet inc. - Albany, OR

June 2017 to March 2018

Selmet Inc. makes titanium air plane parts. My duties were to make sure every part was delivered to it's next process final before completion. Each part has its own traveler that has a part number and lot number both on the part and traveler. There are 5 cells each cell has its own parts and workers, you never take a cell 1 part to another cell. Each cell has welders, grinders, dimensional inspectors and x-Ray techs. We all have to communicate and work together for parts to be finished on time.
