Objective: Applying for the general sanitation position

Experience: Benchmark Electronics (through Man Power) Rochester, MN
September 2012 to present

Assembling of electrical equipment in medical and service industries,
with an emphasis on packaging and inspecting of components.

Van Ert Electric Warsaw, WI
Electrical and Electronic Equipment November 2011 to March 2012
Assembler

- Assisted and conferred with supervisor and engineer to plan and review work activities and to resolve production problems.
- Executed daily operations of tasks and safety.
- Completed, reviewed and maintained production, time and component waste reports.
- Packed finished assemblies for shipment and transports to storage areas, using hoists and handtrucks.
- Painted structures as specified.
- Cleaned parts, using cleaning solution, air hose and cloth.
- Assembled systems and support structures and installed components, units and printed circuit boards, following specifications and using hand tools and power tools.
- Successfully handled hand tools and electrical equipments.
- Positioned, aligned and adjusted work pieces and electrical parts to facilitate wiring and assembly.
- Read and interpreted schematic drawings, diagrams, blueprints, specifications, work orders and reports to determine materials requirements and assembly instructions.
- Tested wiring installations, assemblies and circuits for resistance factors and operational defects and recorded results.

- Drilled and tapped holes in specified locations to mount control units and to provide openings for elements, wiring and instruments.
- Responded to written and telephone requests for materials.

OBJECTIVE

I am a highly motivated individual with proven ability to learn quickly, create, implement and maintain procedures both old and new in any environment. I further possess the ability to meet heavy work assignment and deadlines under strict time constraints. In addition to my strong commitment and desire to succeed in every assigned task, I am able to work independently or as a team, with a unique ability to communicate effectively on all levels.

EDUCATION

Certification, Automotive Technician,

June 2009 - September 2010

Universal Technical Institute | Houston, Texas

Trained and certified to do all tasks in relation to the following courses:

Automotive engines and repairs

Power and performance 2

Driveability & emissions

Automatic transmissions

Advanced diagnostics systems

Brakes

Electronic fundamentals

Automotive undercar

Electronic diagnostics

Power and performance 1A

Fuel and ignition systems

Automotive powertrains

Professional applications

Power and performance 1B
Climate control
Electronic technology
Professional service writing

CERTIFICATION

EPA 609

January 2010

Universal Technical Institute

Trained and certified in climate control.

SKILLS

Bilingual - second language is spanish	Intermediate
Dealership simulation training	Intermediate
Ethics training	Beginner
Practical ethics: essentials	Beginner
