

Kyle Mann

Welder II/Team Lead

Greeley, CO

otownmann@gmail.com

(303)775-6388

I'm quality and safety oriented, I have been welding for 10+ years, and in that time I have learned other skills such as rigging, machinery operating, and other welding procedures. I am OSHA 10 certified and as a result I do my best to do my job in a safe manner for mine and my coworker's sake. I am a fast learner and I am always eager to pick up a new skill or learn a new procedure. I also do my best to be a team leader when necessary and lead by example both to improve quality and safety. Willing to relocate to: Fort Collins, CO - Brighton, CO - Greeley, CO
Authorized to work in the US for any employer

Work Experience

Welder II

Leed Fabrication LLC/Tri-Point LLC
