720-401-3346

Safety motivated, hardworking individual seeking a position in order to build a long-term career in a stable industry.

Work Experience

Hydrovac Operator and Swamper

Next Generation Environmental & Construction

January 2017 to Present

Assist Field Operators and Working Foreman in overall operation and maintenance compressor stations, storage facilities, transmission facilities and metering facilities. Expose pipe for roustabout crews to make repairs or upgrades. Clean invert and water-base rigs and cellars.

Ranch Owner/Operator

Steel Dust Livestock

July 2014 to Present

Efficiently manage all ranch operations including sales, inventory, maintenance, delivery, treatment and care of cattle.

Structural Welder

Steel Dust Livestock

September 2016 to January 2017

Welded electric meter housings using a wire-feed welder. Safely operated pneumatic tools and conducted hydro-tests.

Verified welds on fittings and pipe for structural integrity and durability using 940-4000lbs water pressure.

Head Technician

Steel Dust Livestock

December 2014 to December 2015

Safely performed alignments, tire changes/repairs, and caster/tow adjustments using various pneumatic, power and hand tools. Operated cash register.

Operator

Roggin Elevator

June 2013 to August 2013

Efficiently unloaded/loaded grain carts, ran a auger-operated grain bagger. Drove semi-trucks and tractors as needed.

Fabricator

Trailer Source
June 2012 to August 2012

Constructed trailers using various hand-tools, power tools, pneumatic tools, welders and airguns.
