+1 720 763 2810

I am good when it comes to time management, I am a organized Self starter that pays attention to detail and is quick to pick up new things in a fast manner. I am friendly and easy to talk to, I possess many skills and experience in a number of different fields of work.

Authorized to work in the US for any employer

Work Experience

Machine operator/Materials Handler

WP. Manufacturing - Longmont, CO

August 2019 to September 2021

Every hour on the hour making sure that the parts met parameters and required measurements and require cooling times before packaging and going to quality for inspection. I Accomplished Moving up in the company from being operator to becoming materials handler.

Type of Award / Award Description

I have received 3 awards for diligence determination and availability while working at WP manufacturing.

Supervisor/ Metal Processor

Denver Metro Recycling - Denver, CO

August 2018 to August 2019

Take apart machines and organize metals to be distributed to recycling facilities across the Denver metro area. A list of materials I would process are:

1. Stainless steel
2. Sheet aluminum
3. Cast aluminum
4. Extrusion aluminum
5. Prepared steel (#2)
6. Steel(#1)
7. Yellow brass
8. Shiny brass
9. Copper #1
10. Copper #2
11. Barebrite copper
12. Copper buses
13. Palladium
14. Platinum
15. Gold (gold pins, gold teeth, gold memory board's, gold CPU processing chips)
16. Computer and circuit board materials

Tower Technician/tower Hand

Powder Mountain LLC - Evergreen, CO

October 2017 to March 2018

Rebuilt cell phone sectors alpha, beta , charlie, and occasionally Delta . Performed live hot swaps for sectors that needed to stay up and running. Built new sectors on rooftops and in stealthings. Also built stealthings brand new from start to finish to be placed at permanent location chosen by Verizon.
