+1 317 979 3179

To develop a new and challenging career for myself in a new and exciting field. To lead by example to go the extra mile to get the job done. I have been working hard in anything that I have been asked to do.

Authorized to work in the US for any employer

## Work Experience

---

### **Utility Locator**

On the Spot Utility Resources - Terre Haute, IN

April 2022 to Present

Locate gas main and service.

### **Procurement Specialist**

CBRE - Clinton, IN

June 2019 to October 2021

I was working in procurement, writing PO's doing price changes and following up on overdue PO's and working on invoicing issue. Taking care of day to day issues that arise with parts that are needed and parts for work orders. I have also worked in QA on the plant site where I print out the labels and tickets for the site. I worked in the shipping department before that on site running a fork truck loading and unloading product, then moved up to Material Specialist where I moved product in SAP made up all the shipping orders on and off site. I have been used anyplace that upper management needs.

### **Material Specialist**

XLC Services - Clinton, IN

July 2011 to June 2019

I work in the warehouse loading and unloading trucks. I keep track of the inventory in the warehouse work with supervisors and shipping to make sure everything is shipped to the right locations. I'm also certified for the spotter truck and drive it when needed. In December of 2017 I changed jobs to Shipping Support. I make sure material is moved to right location making orders up and keeping up with SAP. I also took care of the BOL's for the shipping department.

### **Technician**

Comcast - Indianapolis, IN

March 2003 to May 2010

Started as an install tech for cable tv, internet, networking and then phone service. Then became a service tech to run service calls for all of the Comcast services. I then took a job with the company to run leakage calls, drove the cable plant out every quarter the the FCC numbers for the amount for RF leakage.

## **Technician**

Charter Cable - Brazil, IN

July 2001 to September 2002

Install and repair of cable TV from tap to house. Run service calls I was also on call for outages for a week at a time once a month.
