Professional Experience

NSTAR Global Services	<i>Demo Tech</i>	Dec 2018- June 2019	Ft. Colline, CO
Wesco	<i>Receiving / Distribution</i>	Nov. 2017 - Sept 2018	Ft. Collins, CO
Avago / Broadcom Technologies	<i>Cleanroom Tool Operator</i>	Aug. 2010 - April 2017	Ft. Collins, CO
Kuck Mechanical Contractors Inc.	<i>HVAC</i>	April 2008 - Oct.2009	Loveland, CO
Four Seasons Heating & Air	<i>HVAC</i>	June 2007 - Feb. 2008	Ft. Collins, CO
Barton Supply	<i>Construction</i>	Aug. 2006 - Jan. 2007	Ft. Collins, CO
Ice Energy	<i>Test Tech. & Assembly</i>	Aug. 2005 - May 2006	Windsor, CO
Advanced Energy	<i>Assembly</i>	Aug. 1999 - March 2005	Ft. Collins, CO

Certifications

Associates of Applied Science degree

- Aims Community College

Commercial Refrigeration Certification

- Front Range Community College

HVAC Certifications

- Brazing certified in horizontal and vertical applications
- EPA certified; Universal

Electro-Mechanical Certifications:

- I.P.C. Certification
- Soldering Certification
- ESD Training

Training

Semi Conductor / Demolition Tech / Tool Decon

- Removal High/Low Pressure Gas Lines
- Water Supply/Return Lines
- AEX/VF Line Demo
- Power and Control Line Removal
- GAAS Silicon Wafer Production Tool Removal

HVAC

- Installation of Commercial line sets and Preventative Maintenance with Kuck Mechanical Contractors
- Service Tech with Kuck Mechanical Contractors
- Brazing certified in horizontal and vertical applications
- Performed mechanical, electrical, and plumbing assemblies on refrigeration power storage systems
- EPA certified; Universal
- Service Tech with Four Season's Heating & Air
- Attended Front Range Community College HVAC program
- Understanding of Plumbing in Cooling systems

Assembler

- Performed mechanical and sub-assembly of large industrial power supplies used in glass formal coating
- Electro Mechanical Assembly
- Familiar with Component ID
- Utilized Magnetic Assembly
- Experience with D.I.P./Axial Operation.
- Familiar with Cable Assemblies and Sub-Assemblies
- Basic computer knowledge including reading and building from documentation
- Hand placed parts in circuit boards
- Part of 5 person team in conformal coating circuit boards, component preparation and soldering
- Led team of 8 person crew
- Production Line Assembly of Color Scanners, Torque Wrench/Screwdriver Operation and Calibration
- Knowledge of Tool Calibration

Shipping and Handling

- Experience with packaging and labeling.
- Operated various power tools/equipment including pallet jacks and industrial hydraulic lifts
- Part Distribution
- Production tools repair

Cleanroom Tool Operator / Wireless Semiconductor Production

- Deposition / Etch tool operation (Dry and Wet)
- Metrology
- Fabrication benches
- Product inspection
- Cleanroom certified
